Guidelines for the Mid-Term Project Report Preparation

The students should use the following format for the project report.

1. Index
   - Details of all the content in the report
2. Abstract
   - Brief description about the project
3. Introduction
   - Introduction about the core technical area in the project
   - Introduction about the project area
4. Details of the work done
   - Details of the student's contribution in the project so far (in last 4 months)
5. Details of the proposed work
   - Description about the work that is proposed to be done in next 4/5 months
6. Bibliography
   - Details of the references used in the project
     i. Web site URLs
     ii. Research papers
     iii. Books, periodicals, journals, etc.

Note:
- The details of the above-mentioned points should preferably start on the fresh page.
- The student should submit **one copy** of the mid-term project report to the institution.

Guidelines for the Mid-Term Project Presentation

- The maximum duration for the project presentation is **30 minutes**.
- In the project presentation, apart from the other content, the students should **include two slides** about
  - His/her contribution in the **last 4 to 6 months** in the project
  - Proposed (to-be-implemented) work for the rest of the internship period
